- David Numen Julian's work is the best of the bunch in these genres. I have scoured book stores. I only learn from his books and ideas.

- John Cesta My latest ebook which teaches the fundamentals of cartomancy is now ready for release. It's similar to my other books in that it's aimed at complete beginners as well as people who've started learning this particular reading discipline but then given up for one reason or another. Like my other books I use a no nonsense approach with lots of memory tips, insights, reviews and exercises over ninety pages to help you get up to speed as quickly as possible and the whole experience is extremely hands on . In fact part of the process involves scribbling on the cards a lot to make sure the basics are implanted in your mind as you go. I'm really hoping that this new book gets some of you on the road to giving proper and interesting readings with cards instead of just thinking about it. There's a lot more information hidden in those fifty-two bits of paper than you probably realise!
