B. Ramsbotham, of the Indian Educational Service. The lectures attempted to analyse and condense the more important facts, contained in the body and appendixes of the Fifth Report, so far as they deal with the revenue administration of Bengal, in order to make intelligible the period immediately preceding the Permanent Settlement. This book attempts nothing more, and its publication is merely due to the fact that, in Mr. Ramsbotham s opinion, it will be of assistance to students of the administration and revenue system of Bengal during the eighteenth century. One of the most important appendixes of the Fifth Report, viz. the Analysis of the Finances of Bengal, by James Grant, commonly known as Grant s Analysis, contains much valuable matter, obviously collected with a great deal of trouble and research; but the matter is sometimes inconsistent, often contaminated with error, and always composed in a confused and laborious style. I have attempted to explain the main facts contained in the Analysis in Chapters II and V. I must apologize for drawing the majority of actual examples from the Dacca District.
